Verse II

Pilgrim, why not halt and rest
Along the path of life?
Quickly on your way you've pressed
Along the path of life
May I not through this precious race
Soon I'll end this earthly race
I have no abiding place
Along the path of life.

Verse III.

Pilgrim, why look you so glad
Along the path of life?
Nearing home should I be sad
Along the path of life?
Where yon crystal towers shine
I shall see my King divine
And eternal bliss be mine
Beyond this path of life.
